## UV Floor Curing Machine

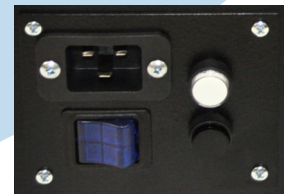

Pre-order  
today! Ships  
Q1 2012

The Tiger from HID Ultraviolet is a revolutionary UV floor curing machine. This new light-weight model is ideal for small jobs, confined spaces, and upper floor areas. It cures UV floor coatings for wood, concrete, and vinyl composite tile (VCT). By shattering the price barrier, it makes site-applied UV floor curing accessible to everyone!

HID's Tiger UV floor curing machines include:

- ▶ HID's exclusive patent-pending Instant-On technology
- ▶ Curing travel speed display
- ▶ Universal input power supply
- ▶ Multiple language control panel
- ▶ Compact folding handle
- ▶ On board diagnostics

Universal power input

HID's industry-leading safety features including: automatic safety shutoff for excessive tilt angle, non-movement, open covers, incorrect line input voltage, and cooling system deviation are all standard.

Light-weight and compact

Every HID design is the result of over 35 years of expertise designing and manufacturing ultraviolet equipment.

Multiple languages supported

Model	Weight	Motor	Cure Path	Output Power	Input Power	Size
Tiger-1500L	17.7 kg (39 lbs)	No	30cm (12")	1500W	100-250V 7-15A 50/60Hz	30 x 48 x 29 cm
Tiger-1500A	19.5 kg (43 lbs)	Yes				(12 x 19 x 11.5")
